Dear Charlotte,

We have recently learned that you have been recognized with the month-long exhibition *Homage: Erken/Verken*, presented in your honor, and are writing to send our heartiest congratulations on this richly-deserved tribute.

As one of the Israel Museum's longest serving and most loyal South African supporters, we are deeply aware of your exemplary role as a legendary patron of the arts and it is wonderful that your life's work is being honored in this special way. As the pioneering founder of one of the most influential galleries in South Africa, together with your dear husband Louis, of blessed memory, your passion and connoisseurship have made an indelible imprint on art in South Africa.

We wish you many more years serving art and culture, and extend our personal invitation to you to visit the Israel Museum when you are in Jerusalem so that we may express our congratulations to you personally on this wonderful honor.

With warmest regards from Jerusalem,

Isaac Molho
Chairman of the Israel Museum
